

Business Internet

Keeping your business connected when it matters most.

Whether it's a reliable Internet connection for direct payment transactions or incredible speed for day-to-day file transfers, count on Shaw Business to deliver what you need, when you need it.

- Industry-leading speeds of up to 120 Mbps
- Superior network with a plan for any size business

The perfect plan for your business

Shaw Go WiFi

Stay connected both in and out of the office with over 70,000 Shaw Go WiFi hotspots. Shaw Go WiFi access is included in all Business Internet plans.

Secondary WiFi

Provide wireless Internet to employees and customers on a connection that is separate from your main business line to ensure speeds aren't compromised and your data stays secure.

Internet extras

Boost your online presence with our Web Hosting service, web design tools, advanced email options, e-commerce functions, and more.

Shaw Business customers always enjoy the following benefits:

- Technical support available 24/7/365, based in Canada
- No charge service calls for Shaw Business equipment and service issues
- Flexible plans to suit any size business

Fast Internet speeds increase productivity

"The Internet from our previous provider was inadequate. Since switching to Shaw Business, video conferences and uploading large files are problem free."
